

Level 1 Water Audit Validation - Scope of Work

Outcomes

WSO will provide an experienced water audit validator meeting the qualifications of 23 CCR § 700.4 to conduct a level 1 validation of a water supplier’s AWWA water audit submission in compliance with all provisions of 23 CCR § 700.

Level 1 validation includes:

- Review of provided summary data and methods that the supplier used to derive all audit inputs.
- Confirmation of the appropriate application of the AWWA water auditing methodology.
- Data validity grade assignment consistent with state-wide interpretations of the grading criteria.
- Interpretation of water audit key performance indicators and prioritization of next steps.
- Documentation of level 1 validation process and outcomes for submission to the Department of Water Resources and reference during future water audit compilation and validation.

Tasks

1. **Scheduling:** The water agency will schedule a two-hour level 1 validation call and invite all personnel that contribute to the water audit’s compilation.
2. **Audit & Supporting Document Transfer:** WSO will request specific supporting documentation required to complete the level 1 validation. Supporting documentation includes:

<i>REQUIRED ITEMS</i>	<i>SUPPLEMENTAL ITEMS</i>
Complete AWWA Free Water Audit Software (Excel Spreadsheet; Must be CY18 or FY18-19)	Customer Meter Inaccuracy derivation
Volume from Own Sources volumes by month by finished water supply meter	Average Operating Pressure derivation
